

				Daily Standup Meeting								
				Week 1			Week 2			Week 3		
	Team Members	Questions	Wednesday	Thursday	Friday	Wednesday	Thursday	Friday	Wednesday	Thursday	Friday	
	Angrej Singh	What did you do yesterday?	Assesment Given by Tutor	Dicussing the Assesment with Team Members	Drafting the Ideas and Concepts	Nothing just finding resource for other team member	Helping other member in rough designing	Working on User Interface and Graphics	Storage of data	Solving the login system	Creating the tables by using Sql Lite	
		What will you work today?	Dicussing the Assesment with Team Members	Drafting the Ideas and Concepts	Dicussing ideas with Arshdeep about Android App	Helping other member in rough designing	Working on User Interface and Graphics	Storage of data	Solving the login system	Creating the tables by using Sql Lite	Refinement of App individually	
		Do you have any obstacles?	No	No	Some Confit with Arshdeep	No	Couldn't find how to doing Graphics	No	Buttons are not working	Connection not working	Almost all function are working	
		What did you do yesterday?	Assesment Given by Tutor	Dicussing the Assesment with Team Members	Defining Platform	Planing for Programming	UI Prototype	Navigation	Helping in layout	Checking the function why buttons are not functioning properly	Functional Testing and Usability Testing	
	Jagdeep	Do you have any obstacles?	No	No	No	Issues in Designing	None	No	No	No	No	
		What will you work today?	Dicussing the Assesment with Team Members	Defining Platform	Learning about Programming Language	UI Prototype	Navigation	User Mangement	Checking the function why buttons are not functioning properly	Functional Testing and Usability Testing	Refinement of App individually	
		What will you work today?	Dicussing the Assesment with Team Members	Finding Minimun Viable Product	Dicussion done by Angrej regarding features in App	Researching the Users role	Working on Layout	Database	Trying to connect the database	Solving Errors	Refinement of App individually	
	Arshdeep	What did you do yesterday?	Assesment Given by Tutor	Dicussing the Assesment with Team Members	Finding Minimun Viable Product	Examine the structure	Researching the Users role	Working on Layout	Database	Trying to connect the database	Solving Errors	
		Do you have any obstacles?	No	No	No	Arguments with Angrej	In Dividing the role to each person	Error in connecting the database	So many Errors in coding	Error Successfully Complete	No
